3700 IN REPLY REFER TO
PMA209/14284

DEC 22 2014

From: Program Manager, Air Combat Electronics (PMA209)
To: President, AeroNavData, Inc, 1839 Ghent Road, Columbia, IL 62236

Subj: LETTER OF COMPLIANCE LEVEL 1 AS A PMA209 AERONAUTICAL DATA PROVIDER

Ref: (a) Chief of Naval Operations Functional Requirements Document for Required Navigation Performance Area Navigation (RNP RNAV), Revision B, of 26 Apr 2013
(b) RTCA DO-200A, Standards for Processing Aeronautical Data, of 28 Sep 1998
(c) AeroNavData DOC # CM1103140001_FAA_ACO Approval Memo of 13 Mar 2014

1. PMA209 has determined that AeroNavData, Inc. complies with the United States Navy (USN) Required Navigation Performance Area Navigation (RNP RNAV) requirements for navigation data and navigation data processing outlined in references (a) and (b).
2. PMA209 designates AeroNavData, Inc. as a PMA209 compliant Level 1 data provider. This Letter of Compliance (LOC) is specifically applicable to the E-2D program, but is potentially leverageable for any USN platform seeking certification of RNP RNAV from PMA209.
3. The following terms and conditions are applicable to this LOC:
 - a. The terms of this LOC are not automatically transferable. For USN aircraft other than the E-2D aircraft with Integrated Navigation Cockpit Display System (INCDS) Build B4.12 additional evaluation by PMA209 may be required to support LOC Level 1 designation.
 - b. No change shall be made, without coordination with PMA209, to the data quality requirements, aeronautical data handling, coding standards, tool qualifications, and other processes defined in the documents listed in reference (c).
4. Please address any questions to Mr. Anthony Singleton, Communications, Navigation, Surveillance/Air Traffic Management Integrated Program Team Lead, 301-757-6457, or anthony.singleton@navy.mil.
